NUMBER 2687

AT REQUEST OF BRYAN

Some Nebraska Soldiers Will Be Mustered Out.

A SPECIAL INVESTIGATION

Will Be Made of Others Desiring to Quit the Service.

THE GOVERNOR OF NEBRASKA

Has Not Advised the War Department Regarding the Selection of the Regiment to Be Released From the Military Service.

Washington, Oct. 5.—The request of Colonel Bryan of the Third Nebraska infantry for the discharge of a number of men of that regiment who desire to return to their homes, was granted by the secretary of war.

There were about 15 cases, which had received the approval of the company and regimental officers, and of the brigade and corps commanders.

They were based upon various reasons, including ill health and private business necessities. It is understood that there are nearly 100 men in the regiment who are doing their utmost to secure their discharge.

It is said that Colonel Bryan has indorsed the applications in many cases, but that they lack the approval of the brigade and corps commanders. In case of favorable action by the reviewing authorities the applications will be granted by the war department without further consideration.

Applications lacking the favorable indorsement of the reviewing officers will each be independently investigated and decided on its merits.

It is said at the war department that nothing has yet been heard from the governor of Nebraska regarding the selection of the Nebraska regiment to be mustered out in order to bring the number of troops furnished by that state within the regulation quota. As understood here, the governor desires before reaching a decision in that matter to hear from the officers and men of the two regiments concerned, viz: The First regiment, now in the Philippines, and the Third regiment (Colonel Bryan's), now at Jacksonville, Fla.

It is further stated at the department that in case Colonel Bryan desires an extension of leave he would apply therefor to his brigade commander and not to the war department.

It is not anticipated that Colonel Bryan will have any difficulty in securing an extension of leave, especially in view of the fact that he has not yet fully recovered his health. A surgeon's certificate of disability in his case is all that is necessary to secure him an extension of leave.

EVACUATION OF PORTO RICO.

The Work Being Carried On With Neatness and Dispatch.

San Juan, Porto Rico, Oct. 5.—The transport P. De Sastre arrived here from Spain and is taking on board troops. The transport Isla de Panay has sailed for Spain with 1,200 troops on board. It is rumored that Captain General Macias will leave here on the Alicante, which is expected daily at this port of Havana.

The United States hospital ship Solace, with 55 convalescents on board, sailed for New York. The Mayflower also sails for New York. Her commander has collected evidence here concerning the French steamer Rodriguez, a prize of the New Orleans, last June. The question to be determined is whether the Rodriguez attempted to enter the port of San Juan. The opinion of the towns people here clearly affirms that the Rodriguez intended entering. The Mayflower carries to New York, as a witness, Sergio Noa, who is asserted to have been on duty at the Semaphore station, at Morro castle, on the day of the New Orleans-Rodriguez affair.

The American troops are closing in rapidly and the Spaniards are concentrating in large numbers at this place. The Spanish government's offer of free transportation home to the families of officers has resulted in many marriages of departing officers and officials.

Dating from the last day of September the Spanish government has declared vacant a long list of civil governmental positions.

Fire in Her Bunkers.

Sancti Spiritus, Cuba, Oct. 5.—The United States transport Osdam, which left here on Sunday, has returned with her bunkers on fire. The presence of fire was discovered in the main hold, which was at once flooded with 50 tons of water, and a gang of men was put to work removing the ammunition, of which the ship carried a large supply.

All the officers and soldiers worked hard to extinguish the flames. Every means available is now being employed to extinguish the fire.

General Garcia's New Job.

Santiago, Cuba, Oct. 5.—It is stated that General Caxito Garcia has accepted a position with the American administration here. He will act as commissioner to go through the country and conduct negotiations with the Cuban army, with a view to its disbanding. He is to receive \$500 a month and expenses.

Casualties of the War.

Washington, Oct. 5.—Adjutant General Corbin furnished the following complete statement of the casualties during the war, which is officially accurate: Deaths from all causes between May 1 and Sept. 30, inclusive: Killed, 23 officers, 257 enlisted men; died of wounds, 4 officers and 61 enlisted men; died of disease, 80 officers and 2,485 enlisted men; total, 107 officers, 2,803 enlisted men. An aggregate of 2,910 deaths out of a total force of 274,717 officers and men, or a percentage of 1.059.

Didn't Remember.

Denver, Oct. 5.—In answer to questions by the judge advocate, Chaplain McIntyre testified that he did not remember what he said in his lecture in Denver on August 8. He said that what first made him believe that he had said in the lecture what he had not intended to say was when the coldness of some of his friends was explained on the ground that the lecture offended them. He learned this some days after he had written to the secretary of the navy that the words attributed to him by the newspapers were not uttered by him, but he believed then that the arrangements for court martial were too far advanced to render further explanation effective.

Blanco's Latest Decree.

Havana, Oct. 5.—Lieutenants Wade and March have paid a visit to the municipal authorities of Posos, on whose report of the fearful condition of affairs there the United States commissioners cabled to Matanzas for 20 tons of the relief steamer Comal's rations. Captain General Blanco issued a decree granting to the volunteers from Central and South America their discharge, to take effect after the approaching monthly review, and granting them return passage to their homes at the government's expense, provided they leave Cuba at once.

Cubans on the Rampage.

Santiago, Oct. 5.—The insurgents in the vicinity of Manzanillo are causing some trouble and General Lawton has decided to send there four companies of the Third Immunes, under Colonel Ray, to suppress disorder. The Cubans, it is charged, have plundered the sugar estates and committed other depredations.

Washington, Oct. 5.—The cabinet meeting brought out no important developments. The main discussion was over the details regarding the hospital preparations for the sick troops in Porto Rico and Cuba, the idea being to provide the most ample facilities for handling sick among the volunteers.

Hopes to Settle Trouble.

St. Paul, Oct. 5.—General Bacon, commander of the department of Dakota, with Captain Wilkinson and 80 soldiers left for Walker, Minn., to look after the Leech Lake Indian troubles. The soldiers are taken along as a precautionary measure, for General Bacon, who has had much experience with the Indians, hopes to be able to secure a peaceful solution of the trouble.

Lexington, Ky., Oct. 5.—The first day's program of the Kentucky Trotting Horse Breeders' meeting went over on account of rain.

DATA FROM MERRITT.

Information About the Philippine Islands.

EXCHANGE OF AMENITIES.

Judge Day Presents President Faure a Message From McKinley Expressing Good Will—Faure's Friendly Response.

Paris, Oct. 5.—The morning was cold and disagreeable, favoring indoor work, of which the peace commission has plenty on hand.

The American commissioners determined to devote the session to Major General Merritt.

General Merritt detailed to the commissioners his personal views and those of Rear Admiral Dewey regarding the physical, geographical, moral and political conditions prevailing in the Philippine islands.

General Merritt's exposition of his personal views and judgment of the Philippine islands was not finished. He will meet the commission again.

President Monero Rios of the Spanish commission and his colleagues were busy with telegraphic and other correspondence. Senor Rios denied himself to all callers.

The Spanish commissioners were received at 4 p. m. by President Faure at the Elysee palace. The members of the Philippine commission were introduced by the Spanish ambassador, Senor Leon y Castillo, and Senor Rios expressed the gratification of the commission at meeting the president of France.

At 4:35 p. m., immediately following the reception of the Spaniards, the members of the American peace commission were received by President Faure at the Elysee palace.

General Porter met the commissioners on the steps of the court of honor and they proceeded to the grand salon. President Faure, surrounded by a few members of his official household, received General Porter, who presented Judge Day and the other members of the commission in turn, after which Judge Day presented President Faure a message from President McKinley.

It was dated Sept. 30, and it was addressed to "His Excellency, M. Faure, President of the Republic," and was signed "William McKinley, President of the United States." It read as follows:

"On this occasion, when the commissions of the United States and Spain are about to assemble at the capital of France to negotiate peace, and when the representatives of this government are receiving the hospitality and the good will of the republic, I beg to tender you my most friendly personal greeting and the assurance of my grateful appreciation of your kind courtesies to the American commissioners."

President Faure said that everything possible would be done for the comfort of the commissioners, and concluded with saying:

"As the name of Lafayette is held dear in the United States, so is the name of Washington revered in France."

The following is the text of President Faure's cable message to President McKinley:

"I have had great pleasure in receiving the American plenipotentiaries to the Hispano-American peace commission. During the course of an audience Mr. Day read the telegram which you so graciously sent me. I am very much touched by the sentiments which your excellency has been kind enough to express and I heartily thank you for them. I hope the American commissioners will have kind recollections of their sojourn in Paris, which I shall try to render agreeable to them and I sincerely hope for a happy termination of the pacific work of the commission."

BOTH STONE DEAD.

A Cleveland Shoots His Sweetheart, Then Himself.

Cleveland, Oct. 5.—A sensational murder and suicide occurred here. Richard Dickerson, 60, keeper of a repair shop, shot Mrs. Blanch Winship three times with a 38-caliber revolver, then turned the weapon upon himself, and both he and the woman died almost instantly.

Mrs. Winship was a divorced woman with one child, and had of late kept roomers. Dickerson had been paying attention to the woman for some time past, but she had decided to break off with him, and when the man called at her home she refused to see him and locked herself in her room. Dickerson, however, easily forced the door lock and at once opened fire with his revolver.

From the positions in which the bodies were found death must have been instantaneous in both cases. Dickerson lay on his back across a bed and Mrs. Winship lay upon the floor at the side of the bed with two ugly looking bullet holes in her breast.

Massachusetts Democrats.

Worcester, Mass., Oct. 5.—The Democratic state convention opened in Mechanics hall with little of that excitement attending it which for the last two or three years has been the feature of the meeting of the leaders of the party in this state. This was principally due to the fact that those who still oppose the leaders now in authority had decided to wait another year before again attempting to obtain control of party machinery. The ticket nominated is as follows: For governor, Alexander B. Bruce; lieutenant governor, Edward J. Slattery; secretary, Harry Lloyd; treasurer, General Pierre Bonvoulier; auditor, Charles F. Parker; attorney, Patrick F. Kilroy.

SUMMARY OF EVIDENCE

Pith of Major General Wheeler's Testimony.

SHAFTER'S WAY APPROVED.

He Said There Had Necessarily Been Suffering in the Trenches and There Was a Shortage of Land Transportation.

Washington, Oct. 5.—The war investigating commission began the taking of testimony.

Major General Joseph Wheeler was on the stand the greater part of the day. There was a full attendance of the commission and the doors of the room in which the inquiry is conducted were for the first time opened to representatives of the press.

General Wheeler's testimony covered the case of the soldiers at the two important points of Santiago and Wikoff. He said, with reference to the conduct of affairs at Santiago, that there had necessarily been some suffering in the trenches, but that General Shafter had exercised the utmost effort to protect his men.

There had been, he said, a shortage of land transportation facilities for a time and there had been no tents for a week. The roads were very fair.

The general contended that Wikoff was a model camp, the climate a salubrious one and the accommodations quite exceptional in character.

He considered the hospital capacity equal to the demands upon it, and that no military camp in history was ever so well supplied in all respects as was this. Red tape methods were entirely abolished and the demands of the men were met as soon as they were properly voiced.

In speaking of Santiago, General Wheeler revealed the fact that he had felt somewhat hurt that his had been the fourth command ordered to be landed when he thought his rank entitled him to the first landing. General Shafter had given the order which thus affected him.

Speaking of the sleeping apartments of the transports, General Wheeler said they were quite warm and there was some discomfort. He had often gone down among the men at night and found that there was comparatively little complaint, except for the heat.

At 4 p. m. the commission adjourned. General Wheeler will be again called to resume his testimony. General Fitzhugh Lee has notified the commission that he will not be able to appear before Thursday.

Rich Estate Divided.

San Francisco, Oct. 5.—The estate of the late Jacob H. Davis, which has been in litigation for the past two years, has been finally distributed among the heirs in accordance with an order issued by Judge Coffey. The estate has been valued at \$2,000,000, but owing to an agreement entered into years ago by the deceased, half the property goes to his surviving partner, Alexander Boyd. The remainder is divided among the two nieces.

In Defense of His Mother's Honor.

Mobile, Oct. 5.—Francis P. O'Connor, 17, a moulder's apprentice, stabbed John Kitchen to the heart in defense of his mother's honor at their home. Kitchen, who died instantly, was an oyster opener and an all-around tough character, having served two terms in the penitentiary. O'Connor surrendered to the police immediately after the killing. Public feeling is on his side, and it is not expected that the law will not hold him.

Roosevelt Accepts.

New York, Oct. 5.—The committee appointed to notify the candidates nominated by the state Republican convention at Saratoga went to the home of Colonel Roosevelt, the nominee for governor, at Oyster Bay, L. I. Dr. Depew made the notification address to Colonel Roosevelt, complimenting him on the unanimity of his choice by the convention. Colonel Roosevelt accepted the nomination in a brief reply.

Officers Doubt It.

Chicago, Oct. 5.—When detectives attempted to arrest W. J. Haldeman of Glendale, O., charged with the murder of his brother-in-law, former state senator J. C. Richardson, they were informed that Haldeman had left Chicago to give himself up to the Cincinnati authorities. The officers doubt its truth, and a search will be kept up for Haldeman in Chicago.

No Change.

Washington, Oct. 5.—The Chinese minister was at the state department and had a short talk with Secretary Hay. The secretary said afterwards that there was no change in the condition of Chinese affairs so far as he knew, and no late official dispatches.

PUBLICLY TESTED.

Was Color Photography, and Pronounced a Success.

[Chicago Times-Herald.]

The McDonough color photography, used in the preparation of stereoscopic slides, proved to be a great success in the public test made at the Field Museum yesterday. The colors, as they appeared on the screen, blended perfectly. In the experiment the most difficult colors were dealt with, dull gold being the most in evidence. The pictures reproduced were of jewelry and vases taken from the Pyramids of Egypt, and supposed to have been placed there with Queen Aahotep 2000 B. C. Twenty specimens of the curious Oriental workmanship were exhibited on each side. The colors shown were gold, carnelian, lapis lazuli and violet. The photographs had been taken from a color print page 10 by 12 inches in size. The pictures were thrown on an immense screen.

The slides were used in the illustration of a lecture on "The Pyramids of Egypt," by Prof. James H. Breasted, of the University of Chicago. He spoke enthusiastically of the new discovery in photography, which enabled him to present a scene in colors of nature.

FRANKFORT, KY., Oct. 5.—Gov. Bradley issued the following proclamation to-day in the interest of the Lafayette monument fund:

"October 19, 1898, has been set apart as Lafayette Day, on which the schools and colleges of this State are earnestly requested to devote a portion of the time to securing contributions from the pupils and recounting the struggles of the fathers for independence with the noble, generous and brave assistance of the gallant Frenchman who crossed the sea to risk his life for American institutions. The purpose is to erect a monument to General Lafayette in Paris, which is to be unveiled July 4, 1900, that being United States Day at the Paris Exposition. Let Kentucky do her part in this praiseworthy undertaking. All contributions will be transmitted to Hon. Charles G. Dawes, Treasurer Lafayette Memorial Commission, Washington, D. C.

THEIR RECORD.

Republican Rule in Kentucky
 Has Been a Costly One.

Penitentiary Scandal Again To the Front.
 Graft For G. O. P. Officials.

Hon. Henry George, one of the new Penitentiary Commissioners, in a speech at Taylorsville Monday fired some 13-inch shells into the ranks of the Republican party in Kentucky. He has turned a searchlight on the mismanagement and the corruption that has prevailed under the Republican State administration in the conduct of the penitentiary, and here is what he says he found:

I ask you to go with me into an investigation of these managements for over two and a half years. It is known to the public that the Legislature passed a bill last winter taking the management of the penitentiaries out of the hands of the Sinking Fund Commissioners, all of whom are now Republicans, and putting them into the hands of a board elected by that body, and your humble speaker is one of the number who compose that board, and after a hard fight in the courts the penitentiaries were turned over to a little over sixty days ago. Since this time I have been dividing my time between making an effort to put the penitentiaries on a basis that will relieve them from expense to the State and an investigation of the management of the institutions while under the control of our Republican predecessors.

The Republicans had charge of the penitentiary at Frankfort two years and four months, and it so happened that I was Warden just that length of time, serving under a Democratic board, composed of the then State officers.

These facts give me a good basis for comparing the management of the institution under the control of the two parties. The books show that it cost me during that period to maintain the prison, exclusive of the pay of the officers, \$129,963.57, and I received a profit from the product of the chair factory during that period of \$93,724.48, which left a deficit of \$36,239.48. I find that the books show that the Republicans, in precisely the same length of time, and for the same purposes expended \$156,038.40, and they received as profit on the product of the chair factory during that period \$57,019.40, which left a deficit of \$99,019.34, making the significant difference of \$62,789.86 in favor of the Democrats. In this whole expense, including the pay of officers, they expended \$31,237.56 more than the Democrats, and they failed to realize as much on the chair factory as the Democrats did by \$36,705.03, which shows that the Republicans made the penitentiary cost the State, including the operating of the chair factory, \$97,942.59 more than did the Democrats for the same period.

One who has not had an opportunity of examining into the business methods of the penitentiary as I have would naturally come to the conclusion that a large portion of this stupendous difference in the cost of maintaining the penitentiary under the management of different parties was attributable to the inexperience of a new set of men, but when I commenced my investigation another cause was soon developed. It will be remembered that the court decided the penitentiary case June 23, and the last of June there was an agreement entered into between the old board (Republican) and the new board (Democratic) that preparatory to turning over the institutions, an inventory should be taken by individuals selected by both sides, commencing July 1st, and the work to be completed, ready to turn over to the new board, not later than August 1st.

Now, I do not suppose that there is a man in Kentucky who has any sense or business knowledge, who would have supposed that the penitentiary officials would have made any purchases during the time we were engaged taking the inventory, excepting just enough to maintain the prisons; but such was not the case with them, as the following will show. I will illustrate by taking the item of cobbler seats, and for fear there are some who will not understand what I mean by cobbler seats I will explain that it is a leather seat cut to fit chairs made in the penitentiary.

The books show that for the month of May they bought these seats to the amount of \$140.41; for June, \$140.41, and for July, the month in which the inventory was taken, and they were preparing to go out of office, they bought \$3,716.16 worth, enough to run the factory, with that kind of seats, for more than a year. I will take the item of screws and bolts next. For the month of May they bought to the amount of \$354.24; for June, \$809.48, and for July, the month they were preparing to go out, they bought to the amount of \$2,614.92, enough, it is said, to last two years. There are a great many other things I could enumerate, but this is sufficient to show you how my attention was directed to this seeming anxiety to lay in a stock for us.

I say these facts created a suspicion in my mind that these enormous stocks of goods, selected on the eve of their departure, was not made through any special consideration they had for the success of their successors.

If I were to exhibit the same spirit the Republicans did in regard to Dick Tate's defalcation I would say that some Republican employee or employees have been making something at the expense of the State, and I could offer in proof of that kind of defalcation some very convincing proof in addition to the large purchases on the eve of them going out of office, and the facts are: By consent of the officers one of our employees informed a varnish house that he wanted to know the amount of the "take-out" his predecessor received. In a short time 130 odd dollars, put up in a cigar box, came to him by express; the cobbler seat man informed him that his "take-out" should be forthcoming, and a cane firm agreed to respond the same way they had been doing, indicating the per cent.

Now, I have spoken so extensively about penitentiary affairs because my business leads me along that line, but I have found time to make some other investigations along some other lines pertaining to State government, and I wish now to call your attention to some of those observations, and will do so by making another comparison. By taking the last fiscal year of the Democratic administration, from July 1, 1894, to June 30, 1895, the general expense account for that year was \$1,763,674.90, as shown by ex-Auditor Norman's report. The report made by Auditor Stone shows that his general expense account from July 1, 1896, to June 30, 1897, was \$2,396,436.62, which is \$632,761.72 more than the Democrats' report. An amount, I take it, which the people of Kentucky will think quite sufficient to have the books of the Republicans examined.

How To Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look; if your stomach be disordered, you have a dyspeptic look; if your kidneys be affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and give a good complexion. Every bottle guaranteed. Sold at J. J. Wood & Son's drug store. 50c. a bottle.

ELECTION OFFICERS.

Those Who Fail To Serve Subject To a Heavy Fine, Unless They Furnish Good Excuse.

Some of the election officers, it seems, are under the impression that it is altogether optional with them whether they serve or not. It would be well for them to study the law closely, as they are apt to find themselves in serious trouble.

Only those who have been excused by the commissioners can fail to serve without incurring a penalty. Section 1,579 of the General Statutes says:

"Any officer of election or of registration in any precinct where registration is required, who, after due notice of his appointment, shall fail to perform his duty as such in holding any election or registration, unless for good cause, shall be fined from \$25 to \$100."

Bargains in Dress Goods.

A Dress Goods stock to meet your requirements should compose three distinct features. First, a great and varied stock to select from. Second, honest and worthy values for your money. Third, patterns and styles that are new and up-to-date. It will take but a moment's inspection to convince you that our stock contains all the above good points and many others. We've a line of all wool Serges and Tricot Cloths, thirty-six inches wide, at 25c. that you are paying 40c. for elsewhere. in Misdemeanor Cases.

The October term of the Mason Fiscal Court convened Tuesday, Judge Newell presiding and all the Justices present.

The report of the committee to repair the jail sewer was presented and filed.

The recommendation of the grand jury relative to providing fire-proof vaults for the safe keeping of the records of the county was presented and filed, and Squires Rice, Thompson and Ryan were appointed on committee to investigate and report at the next April term the probable cost of such vaults for the safe keeping of the records of the County and Circuit Clerk's offices.

Mr. J. F. Barbour, representing holders of the outstanding bonds of the county amounting to \$45,000, payable November 1st, 1898, addressed the court and agreed to continue any portion of said bonds the county did not wish to pay, upon same conditions as now exist, at the rate of 4 per cent. per annum interest. The proposition was accepted. These bonds were 6 per cent. bonds when first issued and were afterwards refunded at 5 per cent. After November 1st they will draw only 4 per cent.

The Justices were allowed \$9 each for three days attendance on the Fiscal Court.

F. P. O'Donnell, County Attorney, presented the following in reference to the claims of Justices and Constables for services in misdemeanor cases:

To the Honorable Fiscal Court of Mason County, Ky.—Gentlemen: Having been requested by a member of your honorable body to furnish "the court with my opinion in writing on the legality of the claims" allowed to officers by this court in misdemeanor cases, where in no fees have been collected of the defendant, I submit the following:

The most casual reading of Sec. 1769, Kentucky Statutes, makes apparent the object the Legislature intended. Its words are free from ambiguity and doubt, and express plainly, clearly and distinctly the meaning which the Legislature wished to convey. Where terms are so plain, interpretation is needless. The section is its own expositor. It reads as follows:

"No officer shall be entitled to any fee in a proceeding for a misdemeanor unless the same is recovered and collected from the defendant, in which cases the fees allowed and to be taxed shall be the same as for similar services in civil cases."

"He who runs may read" herefrom, that not only is there no warrant of law for the payment to officers by the Fiscal Court of fees in proceeding for misdemeanors, but also that the payment of such fees is clearly in violation of the section aforesaid. The law prohibits the payment of such fees. To no one, not even to an officer, can this court legally pay what the law says he shall not be entitled to. Respectfully submitted,

FRANK P. O'DONNELL,
Attorney for Mason County, Ky.

The report of Mr. O'Donnell was ordered spread on the records of the court. The Turnpike Commissioners were directed to pay a claim of Michael Walton of \$6.

Squire Williams moved that all claims of Justices in cases where the fine and costs have been worked out be allowed. Squire Farrow offered an amendment that the claims of Justices and Constables be referred back to them for revision and that they be presented at next April term. The amendment was adopted.

A claim of John G. Osborne for Constable fees in misdemeanor cases was presented and a motion made to allow same. The vote resulted: Yeas: W. B. Grant, Jacob Miller, John Ryan, M. D. Farrow; noes: J. J. Perrine, J. J. Thompson, W. H. Rice and C. W. Williams. The vote being a tie Judge Newell voted no and the claim was tabled.

J. W. Bramel addressed the court relative to the proposed Taylor's Mill road. Squires Rice, Miller and Farrow were appointed a committee to confer with Mr. Bramel relative to said road, and report at next April term.

A resolution presented by Squire Rice was unanimously adopted, that "the Directors of the County Infirmary be directed to buy the coffins for the paupers in Mason County and that the burial of paupers be looked after by the Superintendent of the infirmary, and if any Magistrate gives an order it shall be directed to the Superintendent of the infirmary."

The County Judge, County Attorney and Jailer were appointed a committee

to see by what authority the band occupies a room in the court house and said committee was empowered to rent the rooms if they deem best.

The County Clerk was directed to draw an order on the Treasurer for the various amounts allowed by the court at this term when said amounts are in hands of the Treasurer.

Court adjourned till court in course.

REGISTRATION.

Figures Showing the Total Enrolled in Each Ward.

How They Compare With Figures Year Ago. Republican Loss.

The annual registration Tuesday shows quite a falling off compared with the total a year ago. The total a year ago was 1,518; this year it is only 1,343, a falling off of 175.

The decrease is attributed to a lack of interest on the part of voters, the present campaign being unusually quiet up to the present.

The registration in the various wards is as follows:

	D.	R.	Ind.
First ward.....	67	47	58
Second ward.....	87	123	33
Third ward.....	83	59	26
Fourth ward.....	132	114	28
Fifth ward.....	103	137	30
Sixth ward.....	70	123	23
Total.....	542	603	198
Grand total.....	1,343		

The registration a year ago showed 548 Democrats, 634 Republicans and 336 non-committal and independents.

ANXIETY FOR A VESSEL.

Is Feared a Mail Steamer Has Been Wrecked.
St. Johns, N. F., Oct. 5.—It is feared that the Labrador mail steamer Leopard, with a crew of 18 and 12 passengers, was lost during a severe storm off the northeast coast of the island last week. She left King's Cove on Tuesday morning, but had not reached Battle harbor at midnight on Friday, though it is only 24 hours' run.

The Illinois Launched.

Newport News, Va., Oct. 5.—Amid the enthusiastic plaudits of nearly 40,000 interested people the shrill salutation of steam whistles from many boats and tugs and the strains of "The Star Spangled Banner" the first-class battleship Illinois slid into the water. The launch was a brilliant success in every particular, the mechanical preparations being perfect. The sponsor of the vessel, Miss Nannie Leiter of Chicago, was accompanied by Governor Tanner of Illinois, his staff in full uniform and a crowd of distinguished Chicagoans.

Oil Deal Practically Closed.

Toledo, Oct. 5.—The oil deal by which Palmer Brothers and other dealers will dispose of \$3,000,000 worth of oil lands, is likely to be closed. At a meeting here the representatives of the English syndicate and the producers came to a satisfactory agreement, but both sides refuse to talk much of the subject, which is said to indicate that the coming trip to London of one of the representatives is for the purpose of finally closing the deal.

Big Schooner Wrecked.

Charleston, S. C., Oct. 5.—The schooner Palmer, one of the largest trading vessels on the coast, was wrecked in the storm off the South Carolina coast last Saturday, and nine of her crew drowned. The schooner was struck by the storm and capsized, her crew being thrown into the sea. Two colored seamen clung to the rigging and were washed ashore.

Dr. Morgan Killed.

Harrodsburg, Ky., Oct. 5.—Dr. L. C. Morgan, while on his way home from visiting a patient, was decaying into a house by three negroes who claimed that a woman was ill. They tried to rob him as soon as he entered, and when he drew a revolver, the contents of a double barreled shotgun were emptied into his abdomen. He died.

Cut to Pieces at a Dance.

Jamestown, O., Oct. 5.—John Sullivan and James Fletcher became involved in a quarrel at a dance in the village of Gladstone. Sullivan whipped out a razor and literally disemboweled Fletcher, who is now dying. Sullivan was jailed.

Lost Its Identity.

Frankfort, Ky., Oct. 5.—The National or Gold Democratic organization from meager reports of registration in Kentucky towns seems to have practically lost its identity as a party in this state.

Cambon Slated For Madrid.

Paris, Oct. 5.—It is stated that Count d'Aubigny, now French charge d'affaires at Munich, will replace M. Cambon as minister to the United States, and that M. Cambon will go to Madrid.

Chicago, Oct. 5.—Governor Bushnell and his staff reached Chicago en route to Omaha to take part in the exercises of Ohio day at the exposition. The governor was accompanied by Mrs. Bushnell.

The doctor may be a good old man, but even so, medical examinations and the "local application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangement of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

It only takes a woman five minutes to clean up a man's desk so that it will take him two weeks to find anything he wants.—Exchange.
